1.3 Writing

- Consider that in spite of the fact that we are not required to write, it is often a good idea to write down your thoughts in order to clarify your own thinking and to provide a record of your work.
- What are some of the advantages of writing down your thoughts?
- The advantages of writing down your thoughts are that it helps you to organize your thoughts, to clarify your own thinking, and to provide a record of your work.
- The disadvantages of writing down your thoughts are that it can be time-consuming and that it can be difficult to edit and revise your work.
